**National Center on Education and the Economy (NCEE)**
The NCEE is organized to provide tools, professional development programs, technical assistance services, and other resources to support standards-based reform. The NCEE web site includes information about New Standards: Performance Standards and Assessments for the Schools.

**National Council for Private School Accreditation (NCPSA)**
NCPSA was established in 1993 to support the development of a national entity that would serve as an accrediting association of private school accrediting agencies.

**National Council for the Social Studies**
NCSS is devoted solely to social studies education and engages and supports educators in strengthening and advocating social studies. With members in all 50 states, the District of Columbia, and 69 foreign
countries, NCSS serves as an umbrella organization for elementary, secondary, and college teachers of history, geography, economics, political science, sociology, psychology, anthropology, and law-related education.

**National Council of Teachers of English (NCTE)**
The National Council of Teachers of English, the world's largest subject-matter educational association, is devoted to improving the teaching of English and the language arts at all levels of education. Since 1911, NCTE has provided a forum for the profession, an array of opportunities for teachers to continue their professional growth throughout their careers, and a framework for cooperation to deal with issues that affect the teaching of English.

**National Council of Teachers of Mathematics (NCTM)**
NCTM is a nonprofit, nonpartisan education association with more than 110,000 members and 260 affiliated groups located throughout the United States and Canada. Founded in 1920, NCTM is dedicated to improving mathematics teaching and learning, kindergarten through high school. NCTM's Curriculum and Evaluation Standards for School Mathematics (1989), Professional Standards for Teaching Mathematics (1991), and Assessment Standards for School Mathematics (1995) make recommendations about what mathematics students should learn, what teachers themselves should accomplish as professionals in the classroom, and what criteria should be used to evaluate student performance and the effectiveness of mathematics programs. The NCTM Standards encourage rich mathematical opportunities for all children in all mathematics classrooms.

**National Education Association (NEA)**
NEA's Web site offers parents and teachers, citizens and students -- everyone interested in creating great schools -- a handy starting point for Web exploration. We're your neighbors, the folks who teach your kids and staff your schools. We're the over 2.3 million members of the National Education Association, and we hope this site can help public education work for every child and every family.

**National Parent Teachers Association (PTA)**
Celebrating its 100th Anniversary in 1996, this web site for the NPTA helps them promote their mission of: to support and speak on behalf of children and youth in the schools, in the community and before governmental bodies and other organizations that make decisions affecting children; to assist parents in developing the skills they need to raise and protect their children; to encourage parent and public involvement in the public schools of this nation.

**National Rural Education Association (NREA)**
Formerly known as the REA, NREA traces its origins back to 1907 when it was originally founded as the Department of Rural Education. Through the years it has evolved as a strong and respected organization of rural school administrators, teachers, board members, regional service agency personnel, researchers, business and industry representatives and others. NREA is a membership organization that operates as a tax-exempt, non-profit, entity. It is directed by an elected executive committee consisting of national representatives of rural school administrators, rural school teachers, state education agencies, educational service agencies, higher education, rural school district boards, at-large constituencies and affiliated state associations.

**National School Boards Association (NSBA)**
NSBA is the nationwide advocacy and outreach organization for public school governance. NSBA's mission is to foster equity and excellence in public elementary and secondary education in the United
States through school board leadership. They achieve this mission through a united effort with state school boards associations who are our Federation Members.

**National Science Teachers Association**
The National Science Teachers Association (NSTA) is committed to the improvement of science education at all levels -- preschool through college. To address subjects of critical interest to science educators, the Association publishes five journals, a newspaper, and a number of special publications. NSTA provides many programs and services for science educators, including awards and scholarships, teacher training workshops, educational tours, and an employment registry. NSTA offers professional certification for science teachers in eight teaching level and discipline area categories.
