Impact Report 2017: Graduate & Professional Schools Fair

On October 4, 2017, the University of Texas at El Paso welcomed 74 graduate school programs, including UTEP’s College of Education, College of Engineering, College of Health Sciences, College of Liberal Arts, School of Pharmacy and the Graduate School, in an effort to serve students with various options. We strove to serve students with programs for medicine and law, in addition to general graduate-level study options.

There were over 290 attendees, the majority UTEP students, with 6 attendees from the community. Students from various colleges within UTEP attended the fair. Among these, the College of Science took the lead with over 41% of students, followed by the College of Liberal Arts with over 25% and the College of Engineering with over 13%.

In a survey given to the students, after attending the fair, we found that:

94% would recommend the fair to other students
81% of students learned about a new Graduate Program while they attended the fair
75% stated they found it a useful or very useful experience

In another survey, by the attending recruiters:
87% of 39 submitted responses indicated the Fair was above average or excellent; 0% rated it below average or poor.

89%
Of students found at least one institution that offers their intended major

81%
Of students learned about new graduate programs they didn’t know about previously

Breakdown of Registered Schools:
31 General Graduate Schools
16 Medical Professions Schools
27 Law Schools
