STUDENT SPOTLIGHT

LORENZO MINJARES

Clint Early College Academy - Computer Science

"ECHS Accelerated Program helped me overcome my short- and long-term goals. When I was a freshman at Clint Early College Academy, I saw myself with an Interdisciplinary Studies associate degree, I am proud to say that I have accomplished that goal. I am a junior at UTEP with the major in Computer Science. ECHS has helped me with not only getting a two-year degree (short term goal) but to actually pursue bigger goals which is to graduate at a young age with a bachelor's degree (long term goal). I feel supported because there are other people who believe in me including my family, friends, teachers, and ECHS, I feel very welcome in the ECHS Accelerated Program!"
