IMPORTANT: If you have the "confidential" indicator on your records, we will **NOT** publish your name in the official UTEP Commencement program nor release your name to external media outlets. Furthermore, your college may not include your name in any pre-commencement materials nor include your picture and/or name in any department/college websites. If you want your picture and/or name included in ALL of these, please come to Registration & Records to release the "confidential" indicator from your records.

The name as it appears on the official university record will be used for the commencement ceremony, publications and diploma. Please ensure that the name we have in our records is what you want printed on your diploma. You must complete and turn in a Name or Social Security Number Change Form in order to change your name if it is incorrect (see our website for details). Example: Your last name has your father's name and your mother's maiden name but only one is in the system. If you want your "full name" on your diploma then it must be in our records. This would also apply to any numbering or seniority (II, Sr., etc.). The only modification to the official name without such a name change would be in the case of accents (é, ñ, ö etc.) or middle initials in place of full middle name.

Texas residents graduating with no more than 3 hours over the minimum required for a degree may qualify for a \$1,000 Tuition Rebate. Please see reverse or come to Registration and Records to determine initial eligibility.
