

### UTEP Green Fund Committee Application

The Green Fund is a student-approved fee referendum that will assess \$3 per student per semester, raising up to \$200,000 per year for campus sustainability projects. These projects will help UTEP's sustainability initiatives and the environment\* by:

- Investing in renewable energy
- Promoting environmental sustainability on campus
- Providing educational opportunities such as student internships
- Increasing energy efficiency
- Conserving water and other resources

\*Green Fund will NOT fund anything the university is already required to do by law or policy.

The Green Fund Committee will oversee the funds. It will consist of five students, two administrators and one faculty member. Proposals for funding may be submitted for consideration by students, faculty or staff. Each proposal is reviewed by the Green Fund Committee and those with a majority vote of the Committee will be recommended to the University President for final decision. The student representative must maintain a 3.0 GPA throughout their term. If appointed to this position you will serve on the committee to review and approve proposals submitted.

Please turn in the following application along with 1 letter of recommendation and 2 references to the Student Government Association at [sga@utep.edu](mailto:sga@utep.edu). Please check your UTEP email for updates on your application status.
