ARTICLE II

UNIVERSITY COMPLIANCE AND POLICIES

Section 1. Texas Board of Regent's Membership Statement: At the beginning of each academic year, each registered student or group must file with the appropriate institutional officer an affidavit stating that the organization or group does not, and will not during the year, have as a member any person who is not a student or a member of the faculty or staff of the institution.
Section 2. Statement of University Compliance: This organization is a recognized student organization at The University of Texas at El Paso and adheres to all campus policies as set forth in the Handbook of Operating Procedures as outlined by the Office of the Vice President for Business Affairs and the Registered Student Organization Handbook as outlined by the Student Engagement & Leadership Center at The University of Texas at El Paso.

Section 3. Non-Discrimination Policy: In accordance with Sec. 6-202(a)(3) of the Institutional Rules on Student Services and Activities and Information on Students’ Rights and Responsibilities, this organization may not deny membership on the basis of race, color, religion, national origin, gender, age, disability, citizenship, veteran status, sexual orientation, gender identity, or gender expression, except that a registered student organization created primarily for religious purposes may restrict the right to vote or hold office to persons who subscribe to the registered student organization’s statement of faith; and a registered student organization may restrict membership based on the provisions of Title IX of the Education Amendments of 1972.

Section 4. Non-Hazing Policy: Hazing in state educational institutions is prohibited by both state law (Sections 51.936, 37.151 (5) and (6), and 37.155, Texas Education Code) and by the Rules and Regulations of The Board of Regents of The University of Texas System, Series: 50101, Section 2.8). Individuals or organizations engaging in hazing could be subject to fines and charged with criminal offenses. Additionally, the law does not affect or in any way restrict the right of the University to enforce its own rules against hazing.

Section 5. Title IX of the Education Amendment of 1972: Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex in educational programs and activities at the university unless such programs and activities are specifically exempt from the law. The university is required to be in compliance with the provisions of Title IX. Therefore, compliance with Title IX is a condition to be a registered student organization at the university. Since passage of this law and the publication of the implementing regulations, the U. S. Department of Education Office of Civil Rights has evolved a rather clear set of criteria for determining when single sex organizations are exempt from the provisions of Title IX. The criteria are as follows: the organization must have tax-exempt status under Section 501 of the Internal Revenue Code; members must be limited to students, staff or faculty at The University of Texas at El Paso; the organization must be a "social fraternity" as defined by the Department of Education.
