

COLLEGE/DEPARTMENT LOCKUP REQUEST FORM

In order to ensure consistency in branding, all colleges, departments, programs and other entities within The University of Texas at El Paso should refrain from creating their own logo.

Lockups are a combination of the official UTEP logo and college or department name. University Communications has a growing library of high resolution lockups available to University colleges and departments available under the "Resources" tab on the University Communications website (uc.utep.edu/university-communications/).

To request a college or department lockup, please fill out the form below and email it to brand@utep.edu or bring it to the University Communications office in the Carl Hertzog Building. Completed lockups will be provided in a high-resolution PDF format. Please allow two weeks for the lockup to be completed.

If you have any questions, please contact University Communications at (915) 747-5526.
