

Edge - Deleting Cache

1. Launch the Edge browser and click on the **Settings and More** icon on the upper right hand corner.
2. Select **Settings**.
3. Select **Privacy & Security** on the side bar
4. Click on **Choose what to clear** button under **Clear browsing data**.

5. Select **Cookies and saved website data** and **Cached data and files** fields.
6. Press **Clear**.
The page will then clear all items, close the browser tabs/windows and reopen the browser to start a new session.
