1. Launch the Mozilla Firefox browser and click on the Books icon on the upper right hand corner.
2. Select History.
3. Click on Clear Recent History.
4. From the dropdown menu select Everything.
5. Mark the following:
   - Cookies
   - Cache
   - Active Logins
   - Offline Website Data
   - Site preferences
6. Click on Clear Now. The page will then clear all items, close the browser tabs/windows and reopen the browser to start a new session.
