To Modify a Request:

1. After logging into PeopleSoft, under Employee Self Service (Homepage) click the eForms Tile. From the “eForms Portal Pagelet” select the Create New Request link.

2. Under the Find an Existing Value tab, you will see multiple options listed in the Search Criteria:
   2a. Enter the Request ID (or search by any other option).
   2b. Click on the Search button.

3. The form will display, and the fields available to modify will be open, content can be changed as needed:

   IMPORTANT: Only a form with a status of: Saved, Call Back for Revision, and Sent Back for Revision can be modified. If the document has already been submitted, use the Call Back button at the bottom of the form; the document will refresh and can be modified as needed.
