  – End Employee Assignment(s) Form
  – Retirement Form
  – Position Funding Change Form
    o Check Funds
• Approving eForms
• eForm Tips
• eForms Phase II
eForms Overview

What are eForms?

• Similar to IAPs, eForms allows us to electronically route documents for approval.

What’s different from IAPs?

• eForms streamline the entire process for completing and approving transactions.
• Forms enable electronic approval routing, capture and update data directly in PeopleSoft, and provides audits and reporting capabilities.
eForms Overview

How does it work?

Initiator Submits eForm → Department Approval → Back Office Review → Update PeopleSoft
Who will use eForms?

- **Initiators**: department users with ability to create new and view existing eForms
- **Department Approvers**: department heads, “Reports To” supervisors, or budget authorities who are able to view and approve submitted eForms
- **Back Office Reviewers**: processing offices such as Human Resources, Budget Office, Employee Data Management (EDM), Grants & Research, Financial Aid, etc.
eForms Overview

Things to Know

• eForms will be accessible directly on the PeopleSoft home page.
• All eForms have the option to attach documents and add comments
• Initiators will have access to:
  – Search for their pending and completed documents
  – Recall documents pending approval
  – Cancel documents not submitted
• Approvers will receive emails regarding pending documents and they can approve using the worklist.

End Employee Assignment(s) eForm

When to use
• When an employee should no longer be employed by your department. Ex: employee resignation, transferring to another department, student is graduating, etc...

When not to use
• Involuntary separations should be processed by Human Resources. Please work with your Employee Relations (ER) representative.

Access
• System allows you to see all active assignments for the employee.
• System only allows you to end the assignment associated to your departmental access group.

Timesheets
• If applicable, all time (sick, vacation, paid hours) must be entered before processing this form.
End Employee Assignment(s)
Warning Messages

• **General Warning** - Warning message on duplicate request for a Position #/Empl ID.

• **Ending Primary Record** - This primarily impacts employees with multiple job records. You can proceed with submission and the Back Office will review to take the necessary steps.

• **Hard Stop** - Error message for missing required fields and/or attachments, date errors.

• Please attach the letter of resignation to the eform.
1. From the Employee Self Service homepage click on the eForms Tile.
2. Select the Create New Request link.

3. The Initiate New eForms Request page is displayed. From the “Actions” drop down menu, select the End Employee Assignment option.
Initiating an End Employee Assignment(s) eForm

3. The End Employee Assignment eForm is displayed. Use the Justification text box to explain or “justify” the reason for the eForm action requested.

4. From the Employee Information section, enter or look up the employee’s ID in the Empl ID field.
   
   **Note:** All active employee records for the employee will display but you will only have the option to select records for the department(s) you have access to; this is dependent on your security access.

5. Select the appropriate Empl Record.

6. Once the Empl Record(s) has been selected, enter the Last Day Worked.
   
   **Note:** The Last Date Worked should be the last day the employee actually worked or the last date that time was entered for the employee.
The **W2 Forwarding Information** section displays the employee’s current mailing address. Select the Change Address checkbox if the employee has provided a different mailing address to use for their W2.

- **Note:** Use the Clean Address link if updating the address, to ensure a valid postal address is entered.

The **Appointment Detail** section is used to capture details for the end of appointment:

a) Verify the Last Date Worked matches the date entered above.

b) From the drop down, select the corresponding Separation Reason.

**Reminder:** All time (sick, vacation, paid hours) must be entered before the completion of this form, check the “All Time and Leave Entered” box if you have entered the time. Otherwise, you will need to save the form, enter the time, and return to complete the End Employee Assignment(s) form.
When all the required fields have been completed, click the **Save** button. **Notice:** At the top of the form, the Request ID number has been assigned and the status of the form is now “Saved.”

11. Expand the **Attachments** or **Comments** section to attach required documentation and include any special comments.

12. Click the **Submit** button.

13. Once the document is submitted, the status of the form will update and show “Pending Approvals.” The current approval routing is displayed at the bottom of the page.

Position Funding Change eForm

When to use
• To update the funding for a position

Access
• System only allows you to submit funding changes for positions associated to your departmental access group.
• The funding may be split between multiple funding sources and will route to the appropriate budget authority for review and approval

Budget Checking
• There is a new button called Check Funds, any eForm that has the ability to add or update funding, will have the "Check Funds" button at the bottom.
• "Check Funds" allows users to check the availability of funds of any cost centers and/or project IDs indicated on the funding section before submitting/approving. The form will automatically check funding upon saving.
Check Funds

- Once the "Check Funds" button is selected, the Review Available Funds* page will appear. Information regarding the availability of funds and eForms routing for approval/saved will be posted for the respective cost center/grant selected:

Searching for Existing Requests

1. After logging into PeopleSoft, under the **Employee Self Service** homepage select the **eForms Tile** and select the **View Existing Requests** link.

2. Under the **Find an Existing Value** tab, you will see multiple options listed in the **Search Criteria**.

3. Enter the **Request ID** (or use any other search option).

4. Click on the **Search** button.

The form will populate, and all information saved/submitted/processed will be displayed.
Approving eForms

Two approval methods:

1) “E-MAIL” method:
   - Document is sent to Outlook.
   - Log into PeopleSoft to review document information.
   - Click hyperlink at bottom of email to open the document.

2) “eForms section” method:
   - Log into PeopleSoft, from the Employee Self Service homepage select the eForms Tile.
   - Under My Pending Approvals, select the document to review/approve.
Approving eForms

1. When reviewing an eForm:
   a) Click the Approve button to process the document.
   b) To return the document to the Creator use the Send Back button
   c) Select the Deny button to terminate a document that will no longer be processed.

   **Please note:** Comments are required for any document that will be sent back or denied.

   **PeopleSoft Tips**
   - If Approvers are having trouble, create Help Desk ticket and describe issue:
     1) The Approver receives a "No Security Access" type message
     2) The Approver cannot see the "Approve" button
     3) The "Approve" button is grayed out/ or locked
     4) The system seems to be stuck processing or is very slow
eForm Tips

• Submit a Help Desk ticket for any technical issues related to eForms

• For general questions on the processing of forms contact EDM via e-mail at HRTC@utep.edu

• **Last Date Worked** is the employee’s last working day at UTEP

• On the Job record, the **Effective Date** is always the day after the actual last date worked even if it is a weekend or holiday

• Before submitting a form, verify all leave and/or timesheets has been entered into the system
